## *The Details*

Heritage Oaks is a Private Residential Golf Community where all homeowners are automatically Members of the Club when purchasing a property. We do not have initiation or equity fees, or categories of membership. All homeowners have use of all the common areas,

which include the golf course, tennis courts, fitness center, swimming pools, dining and all social activities.

Our annual fees also include bulk basic Frontier Cable. Additional phone, internet and prime channels, may be added for an additional fee.

Heritage Oaks has a very reasonable required Food & Beverage Minimum of \$700.00 per household, per year.

There are also several individual Homeowner Associations — based on type of housing — which have quarterly fees. Depending on which HOA, items that might be included in the fee are such things as landscaping, roof replacement, exterior painting, and driveway repair and maintenance. Most of the individual associations prepare budgets and divide the cost by the number of units within that association. The amounts vary depending on if that association fully funds its reserves.

Single Family homeowners are responsible for all of their own individual costs and pay \$100 annually.
